DANKBAARHEIDSPROJEK - 'WOORD & BROOD'

"Woord en brood" in Riebeeck Kasteel

Die VGK gemeente van Riebeeck Kasteel is een van die eerste tien gemeentes vir wie CLF met R10 000 vir voedselhulp kon ondersteun.

Ds KP Frantz het aan CLF geskryf dat hulle onmiddellik van die fondse kon gebruik om verskeie projekte te loots naamlik:

1. Twee sop en brood projekte, waardeur 101 en 117 kinders gevoed is.
2. 'n Voedingsprojek vir volwassenes waar 181 mense elk 'n gekookte maaltyd ontvang het.
3. Ses verdere projekte by lidmate se huise waar hulle sop aan die gemeenskap gegee het. Daar was ongeveer 200-240 mense wat hiermee bereik en gevoed is.

Die gemeente pogg om elke Dinsdag, Woensdag en Donderdag kos aan behoeftiges te voorsien.

Daily Devotions

Dr Charisse le Roux

NEW AT CLF

Dr Charisse le Roux's book *Courageous Hope* contains 134 daily devotional pieces, focussing on a variety of subjects, ranging from fear, joy, our identity, making choices, renewing our strength, spending our time wisely to contentment and inner peace. Each devotional is accompanied by an appropriate text from the Bible, as well as an inspirational quote from various sources. As the title of the book suggests, all of the devotionals are eventually helping the reader to live with courageous hope – despite our setbacks in life. It is well written and filled with spiritual wisdom and practical advice, stemming from the author's own lived faith. It is recommended for a broad readership – young and old, men and women.

BIBLE MONTH

October is traditionally Bible month in South Africa and with the festive season almost upon us, why not consider gifting someone with a Bible this Christmas.

With a wide range of Bibles including Vernacular Bibles and Children's Bibles, you can bless someone with the Word of God in their mother tongue.

This year has also been very trying for most, whether financially, emotionally or spiritually, with many people seeking God during these difficult times.

Bless someone in your community or family with the gift of God's love, protection and hope - the Bible.

BYBELPROJEK

Shania-Lee het 'n week-lange besoek aan die Drakensberg gemeenskap van Kwa Simanhla met groot dankbaarheid afgesluit. Dankbaar vir lopende water, krag en daaglikse kos om te eet - soveel voorregte wat baie mense nie het nie. Mag Shania-Lee se besoek 'n lewensveranderende impak op hierdie gemeenskap hê om ons Verlosser, Jesus Christus, te leer ken.

“Julle is die lig vir die wêreld ... Laat julle lig so voor die mense skyn, dat hulle julle goeie werke kan sien en julle Vader wat in die hemel is, verheerlik.” Matt 5

SEASON OF CREATION

Season of creation
Seisoen van skepping

1 September - 4 October 2020

#seasonofcreation
#together4creation

Annually churches from across the world unite in celebrating a Season of Creation. This tradition finds its origins as early as 1989, with the South African Council of Churches incorporating it into its permanent calendar for the church year in 2007. More information on the history of this movement is available on the Season of Creation website. (<https://seasonofcreation.org/about/#about-the-season-of-creation>)

What is unique in the Season of Creation is that it's a yearly celebration that begins on the 1st of September with a prayer day for creation and ends on the 4th of October with the feast of St. Francis of Assisi.

In the complex and consumer-driven world we find ourselves today it has become increasingly hard to live such a deep-rooted faith. The Season of Creation makes us aware of the impact of human violence against nature and reminds us of our responsibility towards all of creation.

The staff from CLF decided to participate in the #SeasonOfCreation challenge through the planting of Spekboom seedlings. Besides its' numerous health benefits, we'll also be playing a part in the fight against global warming.

CLF's market and supporters have grown over the years in a much wider multicultural and - language community. In order to communicate effectively and uniformly with our diverse market, we want to determine which preferred language is most understood and read.
